### Full HD Body Worn Camera

#### Functions

##### Built-in Mic and Speaker

This body-worn camera has been ingrained with premium-quality in-built microphone and speakers for recording and playing the video feed with reliable sound.

##### Solid Protection

This body-worn camera has been toughened up with the IP67 protection technology that is dust-tight and also protects the camera against heavy seas or powerful jets of water.

##### Instant Playback

This body-worn camera comes with the instant playback feature that lets you check out the recorded video, audio, or photos right after recording them.

##### H.264

The most reliable video compression design, which is H.264, has been provided in this product. This technology is beneficial for minimising storage costs as well as enabling you to save on resolution and the rate of frame in the video with the help of Intelligent Region Perception to detect motion in each frame.

#### About CP PLUS

The brand that is on its way to lead the world when it comes to the security and surveillance industry, CP PLUS, keeps bombarding the market with the most reliable range of products that have been designed carefully and methodically to automate the whole surveillance and security process, no matter how big your premises are.

It was the initiative to help the public in the area where they are the most vulnerable and to empower the sense of safety in our hearts that had conceptualized CP PLUS. And embarking on its mission to make the world a safer and more secure place has taken the brand's journey to unprecedented levels even when compared to international competitors.
